

# TOGETHER IN HOLINESS™

## Health + Safety Guidelines

As part of our mission to uphold the sanctity of life and family, the St. John Paul II Foundation is committed to the health and safety of all conference participants. In order to protect you and your family, we are following recommendations from our host facilities, and the State of Texas. We know that *Together in Holiness* is a vital ministry to you as couples and families, and we are pleased to continue serving you through this conference.

We are working to ensure adequate social distancing, minimize contact with high-touch surfaces, and maintain a safe and clean environment. Our basic health and safety guidelines are:

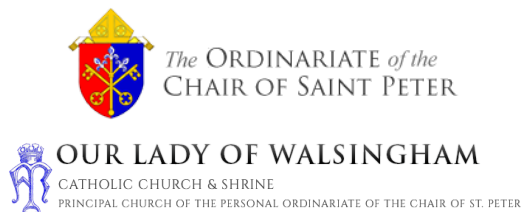

- Social distancing will be maintained inside the conference venue, with personal name-cards available to designate seating throughout the day
- Masks will be required for all conference attendees when social distancing is not possible
- Hand sanitizer will be available at all entrances and exits
- Volunteers will be present to hold doors and routinely clean high traffic areas
- Breakfast and lunch will be offered in a no-touch format with ample outdoor seating.

*\*More comprehensive information will be relayed in the Attendee Final Details email sent to in-person participants the week leading up to the conference.*
