## THE FUTURE OF HUMAN DIGNITY

### **HUMAN DIGNITY AND THE ETHICS OF TECHNOLOGY**

Jeffrey P. Bishop, MD, PhD, Professor of Theological Studies & Tenet Endowed Chair in Bioethics at Saint Louis University

This presentation will establish the foundation of the dignity of the person as the basis for medicine. It will consider how technology, in its varying forms, presents ethical challenges for the dignity and life of the person.

### **A CATHOLIC APPROACH TO MENTAL HEALTH**

**Very Rev. James Patrick Burns, IVD, Ph.D., ABPP, President & Professor of Psychology at St Mary's University of Minnesota**

This presentation will explore the unique challenges and importance of securing access to mental health care for poor and vulnerable populations.

### **GENETIC SCREENING, GENETIC ENGINEERING, AND HUMAN DIGNITY**

**Caroline Aragón, MS, CGC, Certified & Licensed Genetic Counselor**

This presentation will examine the ethical questions relating to genetic screening, genetic engineering, and genetic interventions.

### **SCIENCE AND ETHICS OF IN VITRO FERTILIZATION**

**Jean Baric Parker, D.Be, Program Director, Graduate Certificate in Catholic Bioethics**

This presentation will describe the medical methodology of In Vitro Fertilization (IVF) and discuss the ethical and medical concerns associated with IVF.

### **HEALTH CARE, ARTIFICIAL INTELLIGENCE, AND OTHER FORMS OF TECHNOLOGY**

**Jeffrey P. Bishop, MD, PhD; Johann M D'Souza, PhD; Catherine Yanko**

This panel will discuss some of the important developments in technology and their implications for improving health care and presenting ethical challenges for the health care provider.

### **TECHNOLOGY AND THE MENTAL HEALTH CRISIS IN ADOLESCENTS**

**Johann M D'Souza, PhD, Founder and Clinical Psychologist, Values First Therapy PLLC**

This presentation will evaluate the mental health crisis among adolescents in tandem with the increased engagement in the use of digital media.
